§ 597z. Sale of dogs under eight weeks of age; written approval by veterinarian prior to physical transfer; violations; exclusions

(a)(1) Except as otherwise authorized under any other provision of law, it shall be a crime, punishable as specified in subdivision (b), for any person to sell one or more dogs under eight weeks of age, unless, prior to any physical transfer of the dog or dogs from the seller to the purchaser, the dog or dogs are approved for sale, as evidenced by written documentation from a veterinarian licensed to practice in California.

(a)(2) For the purposes of this section, the sale of a dog or dogs shall not be considered complete, and thereby subject to the requirements and penalties of this section, unless and until the seller physically transfers the dog or dogs to the purchaser.

(b)(1) Any person who violates this section shall be guilty of an infraction or a misdemeanor.

§ 597.1. Failure to care for animals; misdemeanor; powers and duties of local officers and veterinarians; hearings; liability for costs; forfeiture; operative effect

(a) Every owner, driver, or keeper of any animal who permits the animal to be in any building, enclosure, lane, street, square, or lot of any city, county, city and county, or judicial district without proper care and attention is guilty of a misdemeanor. Any peace officer, humane society officer, or animal control officer shall take possession of the stray or abandoned animal and shall provide care and treatment for the animal until the animal is deemed to be in suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with the provisions of subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid, if the seizure is upheld pursuant to this section.

(b) Every sick, disabled, infirm, or crippled animal, except a dog or cat, that is abandoned in any city, county, city and county, or judicial district may be killed by the officer if, after a reasonable search, no owner of the animal can be found. It shall be the duty of all peace officers, humane society officers, and animal control officers to cause the animal to be killed or rehabilitated and placed in a suitable home on information that the animal is stray or abandoned. The officer may likewise take charge of any animal, including a dog or cat, that by reason of lameness, sickness, feebleness, or neglect, is unfit for the labor it is performing, or that in any other manner is being cruelly treated, and provide care and treatment for the animal until it is deemed to be in a suitable condition to be returned to the owner. When the officer has reasonable grounds to believe that very prompt action is required to protect the health or safety of an animal or the health or safety of others, the officer shall immediately seize the animal and comply with subdivision (f). In all other cases, the officer shall comply with subdivision (g). The cost of caring for and treating any animal properly seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to its owner until the charges are paid.

(c) Any peace officer, humane society officer, or animal control officer shall convey all injured cats and dogs found without their owners in a public place directly to a veterinarian known by the officer to be a veterinarian who ordinarily treats dogs and cats for a determination of whether the animal shall be immediately and humanely destroyed or shall be hospitalized under proper care and given emergency treatment.

If the owner does not redeem the animal within the locally prescribed waiting period, the veterinarian may personally perform euthanasia on the animal. If the animal is treated and recovers from its injuries, the veterinarian may keep the animal for purposes of adoption, provided the responsible animal control agency has first been contacted and has refused to take possession of the animal.

Whenever any animal is transferred to a veterinarian in a clinic, such as an emergency clinic that is not in continuous operation, the veterinarian may, in turn, transfer the animal to an appropriate facility.

If the veterinarian determines that the animal shall be hospitalized under proper care and given emergency treatment, the costs of any services that are provided pending the owner's inquiry to the responsible agency, department, or society shall be paid from the dog license fees, fines, and fees for impounding dogs in the city, county, or city and county in which the animal was licensed or, if the animal is unlicensed, shall be paid by the jurisdiction in which the animal was found, subject to the provision that this cost be repaid by the animal's owner. The cost of caring for and treating any animal seized under this subdivision shall constitute a lien on the animal and the animal shall not be returned to the owner until the charges are paid. No veterinarian shall be criminally or civilly liable for any decision that he or she makes or for services that he or she provides pursuant to this subdivision.

(d) An animal control agency that takes possession of an animal pursuant to subdivision (c) shall keep records of the whereabouts of the animal from the time of possession to the end of the animal's impoundment, and those records shall be available for inspection by the public upon request for three years after the date the animal's impoundment ended.

(e) Notwithstanding any other provision of this section, any peace officer, humane society officer, or any animal control officer may, with the approval of his or her immediate superior, humanely destroy any stray or abandoned animal in the field in any case where the animal is too severely injured to move or where a veterinarian is not available and it would be more humane to dispose of the animal.

(f) Whenever an officer authorized under this section seizes or impounds an animal based on a reasonable belief that prompt action is required to protect the health or safety of the animal or the health or safety of others, the officer shall, prior to the commencement of any criminal proceedings authorized by this section, provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a postseizure hearing to determine the validity of the seizure or impoundment, or both.

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice of the seizure or impoundment, or both, to the owner or keeper within 48 hours, excluding weekends and holidays. The notice shall include all of the following:

- (A) The name, business address, and telephone number of the officer providing the notice.
- (B) A description of the animal seized, including any identification upon the animal.
- (C) The authority and purpose for the seizure, or impoundment, including the time, place, and circumstances under which the animal was seized.
- (D) A statement that, in order to receive a postseizure hearing, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning an enclosed declaration of ownership or right

to keep the animal to the agency providing the notice within 10 days, including weekends and holidays, of the date of the notice. The declaration may be returned by personal delivery or mail.

(E) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal and that the animal shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in liability for this cost.

(2) The postseizure hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who directed the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or of his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right to a postseizure hearing or right to challenge his or her liability for costs incurred.

(4) The agency, department, or society employing the person who directed the seizure shall be responsible for the costs incurred for caring and treating the animal, if it is determined in the postseizure hearing that the seizing officer did not have reasonable grounds to believe very prompt action, including seizure of the animal, was required to protect the health or safety of the animal or the health or safety of others. If it is determined the seizure was justified, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal, the charges for the seizure and care of the animal shall be a lien on the animal, and the animal shall not be returned to its owner until the charges are paid and the seizing agency or hearing officer has determined that the animal is physically fit or the owner demonstrates to the seizing agency's or the hearing officer's satisfaction that the owner can and will provide the necessary care.

(g) Where the need for immediate seizure is not present and prior to the commencement of any criminal proceedings authorized by this section, the agency shall provide the owner or keeper of the animal, if known or ascertainable after reasonable investigation, with the opportunity for a hearing prior to any seizure or impoundment of the animal. The owner shall produce the animal at the time of the hearing unless, prior to the hearing, the owner has made arrangements with the agency to view the animal upon request of the agency, or unless the owner can provide verification that the animal was humanely destroyed. Any person who willfully fails to produce the animal or provide the verification is guilty of an infraction, punishable by a fine of not less than two hundred fifty dollars (\$250) nor more than one thousand dollars (\$1,000).

(1) The agency shall cause a notice to be affixed to a conspicuous place where the animal was situated or personally deliver a notice stating the grounds for believing the animal should be seized under subdivision (a) or (b). The notice shall include all of the following:

(A) The name, business address, and telephone number of the officer providing the notice.

(B) A description of the animal to be seized, including any identification upon the animal.

(C) The authority and purpose for the possible seizure or impoundment.

(D) A statement that, in order to receive a hearing prior to any seizure, the owner or person authorized to keep the animal, or his or her agent, shall request the hearing by signing and returning the enclosed declaration of ownership or right to keep the animal to the officer providing the notice within two days, excluding weekends and holidays, of the date of the notice.

(E) A statement that the cost of caring for and treating any animal properly seized under this section is a lien on the animal, that any animal seized shall not be returned to the owner until the charges are paid, and that failure to request or to attend a scheduled hearing shall result in a conclusive determination that the animal may properly be seized and that the owner shall be liable for the charges.

(2) The preseizure hearing shall be conducted within 48 hours, excluding weekends and holidays, after receipt of the request. The seizing agency may authorize its own officer or employee to conduct the hearing if the hearing officer is not the same person who requests the seizure or impoundment of the animal and is not junior in rank to that person. The agency may utilize the services of a hearing officer from outside the agency for the purposes of complying with this section.

(3) Failure of the owner or keeper, or his or her agent, to request or to attend a scheduled hearing shall result in a forfeiture of any right to a preseizure hearing or right to challenge his or her liability for costs incurred pursuant to this section.

(4) The hearing officer, after the hearing, may affirm or deny the owner's or keeper's right to custody of the animal and, if reasonable grounds are established, may order the seizure or impoundment of the animal for care and treatment.

(h) If any animal is properly seized under this section, the owner or keeper shall be personally liable to the seizing agency for the cost of the seizure and care of the animal. Furthermore, if the charges for the seizure or impoundment and any other charges permitted under this section are not paid within 14 days of the seizure, or, if the owner, within 14 days of notice of availability of the animal to be returned, fails to pay charges permitted under this section and take possession of the animal, the animal shall be deemed to have been abandoned and may be disposed of by the impounding officer.

(i) If the animal requires veterinary care and the humane society or public agency is not assured, within 14 days of the seizure of the animal, that the owner will provide the necessary care, the animal shall not be returned to its owner and shall be deemed to have been abandoned and may be disposed of by the impounding officer. A veterinarian may humanely destroy an impounded animal without regard to the prescribed holding period when it has been determined that the animal has incurred severe injuries or is incurably crippled. A veterinarian also may immediately humanely destroy an impounded animal afflicted with a serious contagious disease unless the owner or his or her agent immediately authorizes treatment of the animal by a veterinarian at the expense of the owner or agent.

(j) No animal properly seized under this section shall be returned to its owner until, in the determination of the seizing agency or hearing officer, the animal is physically fit or the owner can demonstrate to the seizing agency's or hearing officer's satisfaction that the owner can and will provide the necessary care.

(k) Upon the conviction of a person charged with a violation of this section, or Section 597 or 597a, all animals lawfully seized and impounded with respect to the violation shall be adjudged by the court to be forfeited and shall thereupon be transferred to the impounding officer or appropriate public entity for proper adoption or other disposition. A person convicted of a violation of this section shall be personally liable to the seizing agency for all costs of impoundment from the time of seizure to the time of proper disposition. Upon conviction, the court shall order the convicted person to make payment to the appropriate public entity for the costs incurred in the housing, care, feeding, and treatment of the seized or impounded animals. Each person convicted in connection with a particular animal may be held jointly and severally liable for restitution for that particular animal. The payment shall be in addition to any other fine or sentence ordered by the court.

The court may also order, as a condition of probation, that the convicted person be prohibited from owning, possessing, caring for, or having any contact with, animals of any kind and require the convicted person to immediately deliver all animals in his or her possession to a designated public entity for adoption or other lawful disposition or provide proof to the court that the person no longer has possession, care, or control of any animals. In the event of the acquittal or final discharge without conviction of the arrested person, the court shall, on demand, direct the release of seized or impounded animals upon a showing of proof of ownership. Any questions regarding ownership shall be determined in a separate hearing by the court where the criminal case was finally adjudicated and the court shall hear testimony from any persons who may assist the court in determining ownership of the animal. If the owner is determined to be unknown or the owner is prohibited or unable to retain possession of the animals for any reason, the court shall order the animals to be released to the appropriate public entity for adoption or other lawful disposition. This section is not intended to cause the release of any animal, bird, reptile, amphibian, or fish, seized or impounded pursuant to any other statute, ordinance, or municipal regulation. This section shall not prohibit the seizure or impoundment of animals as evidence as provided for under any other provision of law.

(l) It shall be the duty of all peace officers, humane society officers, and animal control officers to use all currently acceptable methods of identification, both electronic and otherwise, to determine the lawful owner or caretaker of any seized or impounded animal. It shall also be their duty to make reasonable efforts to notify the owner or caretaker of the whereabouts of the animal and any procedures available for the lawful recovery of the animal and, upon the owner's and caretaker's initiation of recovery procedures, retain custody of the animal for a reasonable period of time to allow for completion of the recovery process. Efforts to locate or contact the owner or caretaker and communications with persons claiming to be the owner or caretaker shall be recorded and maintained and be made available for public inspection.

§ 597.2. Equines; abandoned or relinquished; auction and adoption programs

(a) It shall be the duty of an officer of a pound, humane society, or animal regulation department of a public agency to assist in a case involving the abandonment or voluntary relinquishment of an equine by the equine's owner. This section does not require a pound, humane society, or animal regulation department of a public agency to take actual possession of the equine.

However, a fine paid for a second violation of subdivision (a) shall be deferred for six months if a course is available that is administered by a state or local agency on state law and local ordinances relating to live animal markets. If the defendant successfully completes that course within six months of entry of judgment, the fine shall be waived. On receipt of the affidavit, the magistrate shall order the items seized to be held until the final disposition of any

charges filed in the case subject to subdivision (e).

(d) All animals and birds seized shall, at the discretion of the seizing officer, be taken promptly to an appropriate animal storage facility. For purposes of this subdivision, an appropriate animal storage facility is one in which the animals or birds may be stored humanely. However, if an appropriate animal storage facility is not available, the officer may cause the animals or birds used in committing or possessed for the purpose of the alleged offenses to remain at the location at which they were found. In determining whether it is more humane to leave the animals or birds at the location at which they were found than to take the animals or birds to an animal storage facility, the officer shall, at a minimum, consider the difficulty of transporting the animals or birds and the adequacy of the available animal storage facility. When the officer does not seize and transport all animals or birds to a storage facility, he or she shall do both of the following:

- (1) Seize a representative sample of animals or birds for evidentiary purposes from the animals or birds found at the site of the alleged offenses. The animals or birds seized as a representative sample shall be transported to an appropriate animal storage facility.
- (2) Cause all animals or birds used in committing or possessed for the purpose of the alleged offenses to be banded, tagged, or marked by microchip, and photographed or videotaped for evidentiary purposes.

(e)(1) If ownership of the seized animals or birds cannot be determined after reasonable efforts, the officer or other person named and designated in the order as custodian of the animals or birds may, after holding the animals and birds for a period of not less than 10 days, petition the magistrate for permission to humanely destroy or otherwise dispose of the animals or birds. The petition shall be published for three successive days in a newspaper of general circulation. The magistrate shall hold a hearing on the petition not less than 10 days after seizure of the animals or birds, after which he or she may order the animals or birds to be humanely destroyed or otherwise disposed of, or to be retained by the officer or person with custody until the conviction or final discharge of the arrested person. No animal or bird may be destroyed or otherwise disposed of until 4 days after the order.

(e)(2) Paragraph (1) shall apply only to those animals and birds seized under any of the following circumstances:

- (A) After having been used in violation of any of the provisions of this code relating to the fighting of birds or animals.
- (B) At the scene or site of a violation of any of the provisions of this code relating to the fighting of birds or animals.

(f) Upon the conviction of the arrested person, all property seized shall be adjudged by the court to be forfeited and shall then be destroyed or otherwise disposed of as the court may order. Upon the conviction of the arrested person, the court may order the person to make payment to the appropriate public entity for the costs incurred in the housing, care, feeding, and treatment of the animals or birds. Each person convicted in connection with a particular animal or bird, excluding any person convicted as a spectator pursuant to Section 597b or 597c, or subdivision (b) of Section 597.5, may be held jointly and severally liable for restitution pursuant to this subdivision. This payment shall be in addition to any other fine or other

sentence ordered by the court. The court shall specify in the order that the public entity shall not enforce the order until the defendant satisfies all other outstanding fines, penalties, assessments, restitution fines, and restitution orders. The court may relieve any convicted person of the obligation to make payment pursuant to this subdivision for good cause but shall state the reasons for that decision in the record. In the event of the acquittal or final discharge without conviction of the arrested person, the court shall, on demand, direct the delivery of the property held in custody to the owner. If the owner is unknown, the court shall order the animals or birds to be humanely destroyed or otherwise disposed of.
