## Biofuels Statutory Citations

### STATE OF ALABAMA

*This compilation of state statutory citations focuses predominantly on biofuels laws in effect January 1, 1970 through December 31, 2007. In some instances, regulations have been included in the compilation due to their significance. This compilation is intended to serve as a researcher-friendly inventory of state laws by providing the formal title of relevant legislation, the standard legal citation for each statute and a brief description of the law. Some statutes and regulations listed do not specifically relate to biofuels, but are included because of their complementary relationship to the evolution of biofuels law in the state.*

| <b><u>Title</u></b>                 | <b><u>Citation</u></b>                       | <b><u>Applicability</u></b> | <b><u>Description</u></b>   |

| Center for Alternative Fuels (2007) | <a href="#">ALA. CODE §§2-2-90 TO 2-2-93</a> | Both                        | The Center for Alternative Fuels (Center) is established within the Alabama Department of Agriculture and Industries to promote alternative fuels as a viable energy source in the state. The Center will assess the current status and development of sources of alternative fuels, ensure that all alternative fuels sold in the state meet ASTM standards, and act as an information center for alternative fuels and a clearinghouse for available federal grant funding for alternative fuel development. The Center will also administer a grant program funded by an income tax check-off program through the Alabama Alternative Fuels and Research Development Fund. |
