Biofuels Statutory Citations

STATE OF DELAWARE

This compilation of state statutory citations focuses predominantly on biofuels laws in effect January 1, 1970 through December 31, 2007. In some instances, regulations have been included in the compilation due to their significance. This compilation is intended to serve as a researcher-friendly inventory of state laws by providing the formal title of relevant legislation, the standard legal citation for each statute and a brief description of the law. Some statutes and regulations listed do not specifically relate to biofuels, but are included because of their complementary relationship to the evolution of biofuels law in the state. These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.

Title	Citation	Applicability	Description
State Energy Office; State Energy Coordinator; establishment; powers and duties (2005)	29 DEL. CODE ANN. § 8053	Both	The State Energy Office shall act as a central repository and clearinghouse for collection and dissemination of data and information on energy resources and energy matters in the State, including but not limited to, the environmental impacts of energy generation and use and the means of reducing those impacts through alternative fuels, innovative energy technologies, conservation or other means.
Special Fuel (Tax Exemption) (1998)	30 DEL. CODE ANN. §§ 5131 to 5139	Both	Taxes imposed on alternative fuels used in official vehicles for the U.S. or any Delaware state governmental agency, including volunteer fire and rescue companies, are waived. Additionally, alternative fuel retailers must obtain a fuel supplier's license from the Delaware Department of Transportation (DelDOT), and operators or owners of vehicles using alternative fuel must obtain either a special fuel user's license from DelDOT or pay the special fuel tax.
