## Biofuels Statutory Citations

### STATE OF MISSOURI

*This compilation of state statutory citations focuses predominantly on biofuels laws in effect January 1, 1970 through December 31, 2007. In some instances, regulations have been included in the compilation due to their significance. This compilation is intended to serve as a researcher-friendly inventory of state laws by providing the formal title of relevant legislation, the standard legal citation for each statute and a brief description of the law. Some statutes and regulations listed do not specifically relate to biofuels, but are included because of their complementary relationship to the evolution of biofuels law in the state. These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.*

Title	Citation	Applicability	Description
Alternative fuel vehicle--short title--tax credits, eligibility--sunset of program (2008)	<a href="#">MO. REV. STAT. § 135.710</a>	Both	Tax credits for constructions of qualified alternative fueling properties. Tax credit will be up to \$20,000 or 20% of costs directly associated with the purchase and installation of the property. Taxpayer can receive \$3 million in 2009, \$2 million in 2010, and \$1 million in 2011. Credit is for constructions starting Jan. 1, 2009 to Jan. 1, 2012.
Commission, created, members--purpose; Missouri Alternative Fuels Commission (2008)	<a href="#">Mo. Rev. Stat. § 414.420</a>	Both	Sets up commission to look at state laws, and other ways to promote alternative fuels.
Ethanol--blended fuel, requirements for state vehicle fleet (2008)	<a href="#">MO. REV. STAT. § 37.455</a>	Ethanol	70% of new fleet vehicle purchases should be flex fuel vehicles that can operate on E85.
Definitions--fuel ethanol producer defined--"Missouri qualified producer incentive	<a href="#">MO. REV. STAT. §§ 142.028 through 142.029</a>	Ethanol	Sets forth definitions of ethanol and ethanol producer. Creates monthly grants, available to producer for 60

<p>fund" created, purpose-- administration of fund--grants to producers, amount, computation, paid when-- application for grant, content qualifications, bonding--rules authorized (2008)</p>			<p>months. Receive \$.20/gallon, for first 12.5 million gallons, and \$.05/gallon for the second 12.5 million gallons of ethanol produced in Missouri each fiscal year. Grants to end on Dec. 31, 2015.</p>
<p>Missouri qualified biodiesel producer incentive fund-- eligibility--payback requirements for seller of biodiesel facility (2007)</p>	<p><a href="#">MO. REV. STAT. § 142.031</a></p>	<p>Biodiesel</p>	<p>Defines biodiesel and qualified producer. Needs 51% ownership by ag. producers in the state, or get 80% of feedstock from the state. Have to have begun construction on facility before Nov. 1, 2007 and began production before March 1, 2009. Receive month-to-month grant, and be eligible for 60 months. Receive \$.30/gallon for the first 15 million gallons, and \$.10/gallon for the second 15 million gallons each fiscal year.</p>
<p>Missouri renewable fuel standard - definitions, fuel ethanol-blended gasoline, exemptions (2006)</p>	<p><a href="#">MO. REV. STAT. § 414.255</a></p>	<p>Ethanol</p>	<p>Defines fuel ethanol blended gasoline as 10% ethanol and 90% gasoline. Requires all gas sold in Missouri by Jan. 1, 2008 needs to meet fuel ethanol blended gasoline requirements.</p>
<p>Biodiesel Fuel for School Districts (2005)</p>	<p><a href="#">MO. REV. STAT. § 414.433</a></p>	<p>Biodiesel</p>	<p>Till the 2011-12 school year, schools are allowed to contract with non-profits, farmer-owned, new generation coops to purchase 20% of blended biodiesel. School that does so will receive money from state to off-set cost of purchasing.</p>
<p>Blended biodiesel fuel-- department of transportation vehicles and equipment (2002)</p>	<p><a href="#">MO. REV. STAT. § 414.365</a></p>	<p>Biodiesel</p>	<p>Dep't of Transp. shall develop program to allow department to use B-20 in fleet and heavy equipment. By July 1, 2004, 50% of dep't vehicles will run on B-20. By July 1, 2005, 75% of fleet will run on B-20. Presumed to be no more than \$.20 higher than regular diesel.</p>

<p>EPAct credit banking and selling program; Biodiesel Fuel Revolving Fund; use of funds; rules (2001)</p>	<p><a href="#">MO. REV. STAT. § 414.407</a></p>	<p>Biodiesel</p>	<p>The Biodiesel Fuel Revolving Fund uses the money generated by the sale of Energy Policy Act (EPAct) credits to cover the incremental cost of purchasing fuel containing B20 or higher biodiesel blends for use by state fleet vehicles.</p>
<p>State reformulated gasoline program (1999)</p>	<p><a href="#">MO. REV. STAT. § 643.312</a></p>	<p>Ethanol</p>	<p>Rules established by the commission to reformulate gas to meet air standards, shall not preclude the use of ethanol.</p>
<p>Waiver or modification of alternative use requirements--reports of vehicles capable of using alternative fuels--percentage of vehicles to be operated solely on alternative fuel (1999)</p>	<p><a href="#">MO. REV. STAT. § 414.412</a></p>	<p>Ethanol</p>	<p>All state vehicles that run on gasoline will use ethanol blend gas when available at competitive price.</p>
<p>Alternative fuel decal fee in lieu of tax--exception--decal—penalty (1999)</p>	<p><a href="#">MO. REV. STAT. § 142.896</a></p>	<p>Both</p>	<p>In lieu of paying a \$.17/gallon fuel tax, alternative fuel vehicle owners purchase a decal depending on the gross vehicle weight. Decal is to be paid for annually.</p>
<p>Definitions-program for state fuel consumption reduction, fleet management and promotion of alternative fuels--University of Missouri, included duties--exceptions for certain vehicles (1999)</p>	<p><a href="#">MO. REV. STAT. § 414.400</a></p>	<p>Both</p>	<p>Develop program to reduce state fleet vehicles fuel consumption. By July 1, 2001, 30% of all fuel bought will be alternative fuels.</p>
<p>Motor vehicles alternative fuel use plan to be developed by department of natural resources--powers and duties--state agency fleets of 15 or more vehicles time table using alternative fuels (1999)</p>	<p><a href="#">MO. REV. STAT. § 414.410</a></p>	<p>Both</p>	<p>State agencies with fleets of over 15 vehicles, are required to have certain percentage of alternative fuel vehicles in the fleet. By July 1, 1998, the fleet will have at least 50% alternative fuel vehicles in it.</p>
