Climate Change Statutory Citations

STATE OF NEW JERSEY

This compilation of state statutory citations focuses predominantly on climate change laws in effect January 1, 1970 through December 31, 2007. In some instances, regulations have been included in the compilation due to their significance. This compilation is intended to serve as a researcher-friendly inventory of state laws by providing the formal title of relevant legislation, the standard legal citation for each statute and a brief description of the law. Some statutes and regulations listed do not specifically relate to climate change, but are included because of their complementary relationship to the evolution of climate change law in the state.

Title	Citation	Description
Global Warming Response Act (2008)	N.J. Stat. Ann. §§ 26:2C-37 - 26:2C-57	Establish a greenhouse gas emissions reduction program. Goal is to reduce emissions to 1990 levels by 2020 and to 80% of 2006 level by 2050.
