(2) **MAXIMUM ACREAGE.**—Such acreage may not exceed the greater of—

(A) a quantity equal to the acreage on the farm planted (or prevented from being planted due to a natural disaster or other condition beyond the control of the producers) to the commodity for harvest in 1989 minus acreage actually planted to the commodity for harvest in 1990; or

(B) a quantity equal to the average of the acreage on the farm planted (or prevented from being planted due to a natural disaster or other condition beyond the control of the producers) to the commodity for harvest in 1987, 1988, and 1989 minus acreage actually planted to the commodity for harvest in 1990.

(3) **ADJUSTMENTS.**—The Secretary shall make appropriate adjustments in applying the limitations contained in paragraph (2) to take into account crop rotation practices of the producers.

(c) **LIMITATIONS.**—

(a) **DISASTER PAYMENTS.**—

(1) **IN GENERAL.**—Effective only for the 1990 crops of peanuts, sugar beets, sugarcane, and tobacco, if the Secretary of Agriculture determines that, because of damaging weather or related condition in 1989 or 1990, the total quantity of the 1990 crop of the commodity that the producers on a farm are able to harvest is less than the result of multiplying 60 percent (or, in the case of producers who obtained crop insurance for the 1990 crop of the commodity under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), 65 percent) of the county average yield (or program yield, in the case of peanuts) established by the Secretary for such crop by the sum of the acreage planted for harvest and the acreage for which prevented planted credit is approved by the Secretary for such crop under subsection (b), the Secretary shall make a disaster payment available to such producers.

(2) **PAYMENT RATE.**—The payment shall be made to the producers at a rate equal to 65 percent of the applicable payment level under paragraph (3), as determined by the Secretary, for any deficiency in production greater than—

(B) for tobacco, the national average loan rate for the type of tobacco involved, or (if there is none) the market price, as determined under section 2244(a)(2); and

(C) for sugar beets and sugarcane, a level determined by the Secretary to be fair and reasonable in relation to the level of price support established for the 1990 crops of sugar beets and sugarcane, and that, insofar as is practicable, shall reflect no less return to the producer than under the 1990 price support levels.

(b) PREVENTED PLANTING CREDIT.—

(1) **IN GENERAL.**—The Secretary shall provide prevented planting credit under subsection (a) with respect to acreage that producers on a farm were prevented from planting to the 1990 crop of the commodity for harvest because of damaging weather or related condition in 1989 or 1990, as determined by the Secretary.

(2) payments made under this section shall be made taking into account whether the deficiency for which the deficiency in production is claimed was a deficiency in production of quota or additional peanuts and the payment rate shall be established accordingly; and

(3) the quantity of undermarketings of quota peanuts from a farm for the 1990 crop that may otherwise be claimed under section 358 of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1358) for purposes of future quota increases shall be reduced by the quantity of the deficiency of production of such peanuts for which payment has been received under this section.

(e) **SPECIAL RULES FOR TOBACCO.**—Notwithstanding any other provision of law—

(a) DISASTER PAYMENTS.—

(1) IN GENERAL.—

(A) ELIGIBILITY.—Effective only for the 1990 crops of soybeans and nonprogram crops, to the extent that assistance was not made available under the Disaster Assistance Act of 1989 for a producer's losses, if the Secretary of Agriculture determines that, because of damaging weather or related condition in 1989 or 1990, the total quantity of the 1990 crop of the commodity that the producers on a farm are able to harvest is less than—

(i) with respect to soybeans and sunflowers, the result of multiplying 60 percent (or in the case of producers who obtained crop insurance, if available, for the 1990 crop year of the commodity under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), 65 percent) of the State, area, or county yield, adjusted for adverse weather conditions during the 1987, 1988, and 1989 crop years, as determined by the Secretary, for such crop by the sum of the acreage planted for harvest and the acreage for which prevented planting credit is approved by the Secretary for such crop under subsection (b);

(ii) with respect to nonprogram crops (other than as provided in clauses (i) and (iii)), the result of multiplying 60 percent (or in the case of producers who obtained crop insurance, if available, for the 1990 crop year of the commodity under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), 65 percent) of the yield established by the Commodity Credit Corporation under subsection (d)(2) for such crop by the sum of the acreage planted for harvest and the acreage for which prevented planting credit is approved by the Secretary for such crop under subsection (b); and

(iii) with respect to crops covered in section 201(b) of the Agricultural Act of 1949 (7 U.S.C. 1446(b)), 60 percent (or in the case of producers who obtained crop insurance, if available, for the 1990 crop year of the commodity under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), 65 percent) of the historical annual

yield of the producers for such crops, as determined by the Secretary,
the Secretary shall make a disaster payment available to such producers.

(B) **PAYMENT RATE.**—The payment shall be made to such producers at a rate equal to 65 percent of the applicable payment level under paragraph (2), as determined by the Secretary, for any deficiency in production greater than 40 percent for soybeans, sunflowers and for other nonprogram crops for the crop, except that in the case of producers who obtained crop insurance, if available, for the 1990 crop under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), 35.

(2) **PAYMENT LEVEL.**—For purposes of paragraph (1), the payment level for a commodity shall equal the simple average price received by producers of the commodity, as determined by the Secretary subject to paragraph (3), during the marketing years for the immediately preceding 5 crops of the commodity, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period.

(3) **CALCULATION OF PAYMENTS FOR DIFFERENT VARIETIES.**—

Regulations.

(A) **CROP-BY-CROP BASIS.**—The Secretary shall make disaster payments under this subsection on a crop-by-crop basis, with consideration given to markets and uses of the crops, under regulations issued by the Secretary.

(B) **DIFFERENT VARIETIES.**—For purposes of determining the payment levels on a crop-by-crop basis, the Secretary shall consider as separate crops, and develop separate payment levels insofar as is practicable for, different varieties of the same commodity, and commodities for which there is a significant difference in the economic value in the market.

(C) **DOUBLE CROPPING.**—

(i) **TREATED SEPARATELY.**—In the case of a crop that is historically double cropped (including two crops of the same commodity) by the producers on a farm, the Secretary shall treat each cropping separately for purposes of determining whether the crop was affected by damaging weather or related conditions and the total quantity of the crop that the producers are able to harvest.

(ii) **APPLICATION OF PARAGRAPH.**—This paragraph shall not apply in the case of a replacement crop.

(4) **EXCLUSIONS FROM HARVESTED QUANTITIES.**—For purposes of determining the total quantity of the 1990 nonprogram crop of the commodity that the producers on a farm are able to harvest under paragraph (1), the Secretary shall exclude—

(A) commodities that cannot be sold in normal commercial channels of trade; and

(B) dockage, including husks and shells, if such dockage is excluded in determining yields under subsection (d)(2).

(b) **PREVENTED PLANTING CREDIT.**—

(1) **IN GENERAL.**—The Secretary shall provide prevented planting credit under subsection (a) with respect to acreage that producers on a farm were prevented from planting to the 1990 crop of the commodity for harvest because of damaging weather

or related condition in 1989 or 1990, as determined by the Secretary.

(2) **MAXIMUM ACREAGE.**—Such acreage may not exceed the greater of—

(A) a quantity equal to the acreage on the farm planted (or prevented from being planted due to a natural disaster or other condition beyond the control of the producers) to the commodity for harvest in 1989 minus acreage actually planted for harvest in 1990; or

(B) a quantity equal to the average of the acreage on the farm planted (or prevented from being planted due to a natural disaster or other condition beyond the control of the producers) to the commodity for harvest in 1987, 1988, and 1989 minus acreage actually planted to the commodity for harvest in 1990.

(3) **ADJUSTMENTS.**—The Secretary shall make appropriate adjustments in applying the limitations contained in paragraph (2) to take into account crop rotation practices of the producers.

(c) **LIMITATION.**—Payments provided under subsection (a) for a crop of a commodity may not be made available to the producers on a farm unless such producers enter into an agreement to obtain multiperil crop insurance, to the extent required under section 2247.

(d) **SPECIAL RULES FOR NONPROGRAM CROPS.**—

(1) **DEFINITION OF NONPROGRAM CROP.**—As used in this section, the term “nonprogram crop” means all crops for which crop insurance through the Federal Crop Insurance Corporation was available for crop year 1990, and other commercial crops (including ornamentals which shall include flowering shrubs, flowering trees, and field or container grown roses or turf and sweet potatoes for which such insurance was not available for crop year 1990), except that such term shall not include a crop covered under section 2241, 2242, or 2243, soybeans, or sunflowers.

(2) **FARM YIELDS.**—

(A) **ESTABLISHMENT.**—The Commodity Credit Corporation shall establish disaster program farm yields for nonprogram crops to carry out this section.

(B) **PROVEN YIELDS AVAILABLE.**—If the producers on a farm can provide satisfactory evidence to the Commodity Credit Corporation of actual crop yields on the farm for at least 1 of the immediately preceding 3 crop years, the yield for the farm shall be based on such proven yield.

(C) **PROVEN YIELDS NOT AVAILABLE.**—If such data do not exist for any of the 3 preceding crop years, the Commodity Credit Corporation shall establish a yield for the farm by using a county average yield for the commodity, or by using other data available to it.

(D) **COUNTY AVERAGE YIELDS.**—In establishing county average yields for nonprogram crops, the Commodity Credit Corporation shall use the best available information concerning yields. Such information may include extension service records, credible nongovernmental studies, and yields in similar counties.

(3) **RESPONSIBILITY OF PRODUCERS.**—It shall be the responsibility of the producers of nonprogram crops to provide satisfactory evidence of 1990 crop losses resulting from damaging weather or

related condition in 1989 or 1990 in order for such producers to obtain disaster payments under this section.

SEC. 2245. CROP QUALITY REDUCTION DISASTER PAYMENTS.

(a) **IN GENERAL.**—To ensure that all producers of 1990 crops covered under sections 2241 through 2244 are treated equitably, the Secretary of Agriculture may make additional disaster payments to producers of such crops who suffer losses resulting from the reduced quality of such crops caused by damaging weather or related condition in 1989 or 1990, as determined by the Secretary.

(b) **ELIGIBLE PRODUCERS.**—If the Secretary determines to make crop quality disaster payments available to producers under subsection (a), producers on a farm of a crop described in subsection (a) shall be eligible to receive reduced quality disaster payments only if such producers incur a deficiency in production of not less than 35 percent and not more than 75 percent for such crop (as determined under section 2241, 2242, 2243, or 2244, as appropriate).

(c) **MAXIMUM PAYMENT RATE.**—The Secretary shall establish the reduced quality disaster payment rate, except that such rate shall not exceed 10 percent, as determined by the Secretary, of—

- (1) the established price for the crop, for commodities covered under section 2241;
- (2) the basic county loan rate for the crop (or a comparable price if there is no current basic county loan rate), for commodities covered under section 2242;
- (3) the payment level under section 2243(a)(3), for commodities covered by section 2243; and
- (4) the payment level under section 2244(a)(2), for commodities covered under section 2244.

(d) **DETERMINATION OF PAYMENT.**—The amount of payment to a producer under this section shall be determined by multiplying the payment rate established under subsection (c) by the portion of the actual harvested crop on the producer's farm that is reduced in quality by such natural disaster in 1989 or 1990, as determined by the Secretary.

SEC. 2246. EFFECT OF FEDERAL CROP INSURANCE PAYMENTS.

In the case of producers on a farm who obtained crop insurance for the 1990 crop of a commodity under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.), the Secretary of Agriculture shall reduce the amount of payments made available under this chapter for such crop to the extent that the amount determined by adding the net amount of crop insurance indemnity payment (gross indemnity less premium paid) received by such producers for the deficiency in the production of the crop and the disaster payment determined in accordance with this chapter for such crop exceeds the amount determined by multiplying—

- (1) 100 percent of the yield used for the calculation of disaster payments made under this chapter for such crop; by
- (2) the sum of the acreage of such crop planted to harvest and the acreage for which prevented planting credit is approved by the Secretary (or, in the case of disaster payments under section 2241, the eligible acreage established under sections 2241(a)(1) and 2241(a)(2)(A)); by
- (3)(A) in the case of producers who participated in a production adjustment program for the 1990 crop of wheat, feed grains,

upland cotton, extra long staple cotton, or rice, the established price for the 1990 crop of the commodity;

(B) in the case of producers who did not participate in a production adjustment program for the 1990 crop of wheat, feed grains, upland cotton, extra long staple cotton, or rice, the basic county loan rate (or a comparable price, as determined by the Secretary, if there is no current basic county loan rate) for the 1990 crop of the commodity;

(C) in the case of producers of sugar beets, sugarcane, peanuts, or tobacco, the payment level for the commodity established under section 2243(a)(3); and

(D) in the case of producers of soybeans or a nonprogram crop (as defined in section 2244(d)(1)), the simple average price received by producers of the commodity, as determined by the Secretary, during the marketing years for the immediately preceding 5 crops of the commodity, excluding the year in which the average price was the highest and the year in which the average price was the lowest in such period.

SEC. 2247. CROP INSURANCE COVERAGE FOR THE 1991 CROPS.

(a) **REQUIREMENT.**—Subject to the limitations under subsection (b), producers on a farm, to be eligible to receive a disaster payment under this chapter, an emergency loan under subtitle C of the Consolidated Farm and Rural Development Act (7 U.S.C. 1961 et seq.) for crop losses due to damaging weather or related condition in 1989 or 1990, or forgiveness of the repayment of advance deficiency payments under section 2241(b), must agree to obtain multiperil crop insurance under the Federal Crop Insurance Act (7 U.S.C. 1501 et seq.) for the 1991 crop of the commodity for which such payments, loans, or forgiveness are sought.

(b) **LIMITATIONS.**—Producers on a farm shall not be required to agree to obtain crop insurance under subsection (a) for a commodity—

(1) unless such producers' deficiency in production, with respect to the crop for which a disaster payment under this chapter otherwise may be made, exceeds 65 percent;

(2) where, or if, crop insurance coverage is not available to the producers for the commodity for which the payment, loan, or forgiveness is sought;

(3) if the producers' annual premium rate for such crop insurance is an amount greater than 125 percent of the average premium rate for insurance on that commodity for the 1990 crop in the county in which the producers are located;

(4) in any case in which the producers' annual premium for such crop insurance is an amount greater than 25 percent of the amount of the payment, loan, or forgiveness sought; or

(5) if the producers can establish by appeal to the county committee established under section 8(b) of the Soil Conservation and Domestic Allotment Act (16 U.S.C. 590(b)), or to the county committee established under section 332 of the Consolidated Farm and Rural Development Act (17 U.S.C. 1982), as appropriate, that the purchase of crop insurance would impose an undue financial hardship on such producers and that a waiver of the requirement to obtain crop insurance should, in the discretion of the county committee, be granted.

(2) **OTHER SOURCES.**—Each producer who is subject to the requirements of this section may comply with such requirements by providing evidence of multiperil crop insurance coverage from sources other than through the county committee office, as approved by the Secretary.

(3) **COMMISSIONS.**—The Secretary shall provide by regulation for a reduction in the commissions paid to private insurance agents, brokers, or companies on crop insurance contracts entered into under this section sufficient to reflect that such insurance contracts principally involve only a servicing function to be performed by the agent, broker, or company.

(d) **REPAYMENT OF BENEFITS.**—Notwithstanding any other provision of law, if (prior to the end of the 1991 crop year for the commodity involved) the crop insurance coverage required of the producer under this section is canceled by the producer, the producer—

(1) shall make immediate repayment to the Secretary of any disaster payment or forgiven advance deficiency payment that the producer otherwise is required to repay; and

(2) shall become immediately liable for full repayment of all principal and interest outstanding on any emergency loan described in subsection (a) made subject to this section.

(b) **ADJUSTMENT OF ADVANCED DEFICIENCY PAYMENTS.**—

(1) **IN GENERAL.**—Notwithstanding any other provision of this chapter, if an eligible producer of wheat, feed grains, cotton, or rice elects to substitute yields for such producer’s 1990 crop under subsection (a), the producer’s eligibility for a waiver or repayment of an advance deficiency payment on such crop under this chapter shall be adjusted as provided in paragraph (2).

(2) **AMOUNT.**—The amount of production of such crop on which the producer otherwise would be eligible for waiver of repayment of advance deficiency payments under this chapter shall be reduced by an amount of production equal to the difference between—

(A) the amount of production eligible for disaster payments under this chapter using a substituted yield under this section; and

(B) the amount of production that would have been eligible for disaster payments using the farm program payment yield otherwise assigned to the producer under this chapter.

(c) **MULTIPERIL CROP INSURANCE NOT AVAILABLE.**—A producer may use the crop insurance yield for the producer’s 1989 crop of a commodity for purposes of substituting yields under subsection (a) if the producer demonstrates to the Secretary that, through no fault of the producer, multiperil crop insurance under the Federal Crop Insurance Act was not made available to the producer for the producer’s 1990 crop of the commodity.
