## Biofuels Statutory Citations

### STATE OF DELAWARE

*This compilation of state statutory citations focuses predominantly on biofuels laws in effect January 1, 1970 through December 31, 2013. It is intended to serve as a researcher-friendly inventory of state laws by providing the formal title of relevant legislation, the standard legal citation for each statute, the applicability of the statute (ethanol, biodiesel, or both), and a brief description of the law. Some statutes and regulations listed do not specifically relate to biofuels, but are included because of their complementary relationship to the evolution of biofuels law in the state. These statutes are placed in reverse chronological order using the date of the most recent amendment to the statute. Many biofuels laws were enacted as amendments to previously passed laws.*

| <b>Title</b>                                  | <b>Citation</b>                              | <b>Applicability</b> | <b>Description</b>  |
|---|--|----------------------|---|
| State Energy Office; powers and duties (2003) | <a href="#">29 DEL. CODE § 8053</a>          | Both                 | The State Energy Office shall act as a central repository and clearinghouse for collection and dissemination of data and information on energy resources and energy matters in the State, including the environmental impacts of energy generation and use and the means of reducing those impacts through alternative fuels, innovative energy technologies, conservation, or other means. |
| Special Fuel (1998)                           | <a href="#">30 DEL. CODE §§ 5131 TO 5140</a> | Both                 | Fuel taxes imposed on special fuels used in official vehicles for the U.S. or any Delaware state governmental agency, including volunteer fire and rescue companies, are waived. Additionally, alternative fuel retailers must obtain a fuel supplier's license from the Delaware Department of Transportation.   |
